

First Aid For All Monthly

THANK YOU FOR THE SUPPORT

Having existed for a little over six months now, First Aid For All would like to support all of its supporters. It is because of their generous support and constant help that has allowed us to build a solid foundation to build upon.

ATLANTA BRAVES FUNDRAISER

By fundraising and working alongside the Atlanta Braves Baseball Team, we were able to sell over \$1,000 worth of tickets. This money went straight towards paying for starting administrative costs and receiving first aid kits towards the cause. We ordered 125 first aid kits; each kit includes 17 pieces of antibiotic ointment, bandages, and antiseptics. They are recommended by healthcare professionals and can easily fit in different locations.

WORKING WITH MEDSHARE

We worked with Medshare Atlanta along with other volunteers to help sort and package orthopedic medical supplies. During our visit, we helped package more than 1,250 pounds of these supplies that were sent to numerous countries. Our joint efforts with Medshare Atlanta helped make that impact happen.

AUGUSTA UNIVERSITY DONATION

After connecting with Augusta University (Georgia Regents University), we were fortunate enough to receive two batches of donations from them. These donations combined accounted in more than fifty boxes of bandages and will be distributed among the underprivileged in the next few supply distribution drives throughout Georgia.

100 KIT DISTRIBUTION

After receiving the 125 first aid kits through our fundraising program, we donated 100 of these first aid kits to Atlanta Mission. This is an organization that strives to end homelessness in Georgia by hosting and managing different efforts such as thrift shops, soup kitchens and more. Our donated first aid kits are appropriately distributed to the underprivileged throughout the area.

FIRST AID FOR ALL

INSIDE THIS ISSUE

- Thank you for the support
- Atlanta Braves Fundraiser
- Working with Medshare
- Augusta University Donation
- 100 Kit Distribution

ACCOMPLISHMENTS
