

First Aid For All Monthly

NEW FUNDRAISER

In order to help fund our distribution and awareness programs, we have teamed with World's Finest Chocolates to participate in their World's Finest Chocolates Fundraiser. Through this program, we are now selling five different types of chocolates: Milk Chocolate, Dark Chocolate, W. F. Crisp, Almond Chocolate and Caramel Chocolate. Each of these delicacies are sold for a very low price.

We approach families, friends, neighbors and strangers to sell these chocolates. So far, we are having appropriate success with the program.

MEDICAL INNOVATIONS IN 2016

As the new year has began, new medical innovations are supposed to change healthcare. Below is a list from the Cleveland Clinic about these prospective technologies.

- 1) Vaccines to stop epidemics
- 2) Genomics-based clinical trials
- 3) CRISPR—> Gene editing
- 4) Water purification systems
- 5) Cell-free Fetal DNA Testing
- 6) Protein Biomarker Analysis and Cancer Screening
- 7) Naturally Controlled Artificial Limbs
- 8) First Treatment for HSDD
- 9) Frictionless Remote Monitoring
- 10) Neurovascular Stent Retrievers
